OUR PORTFOLIO

CASE STUDY

DTC GROUP

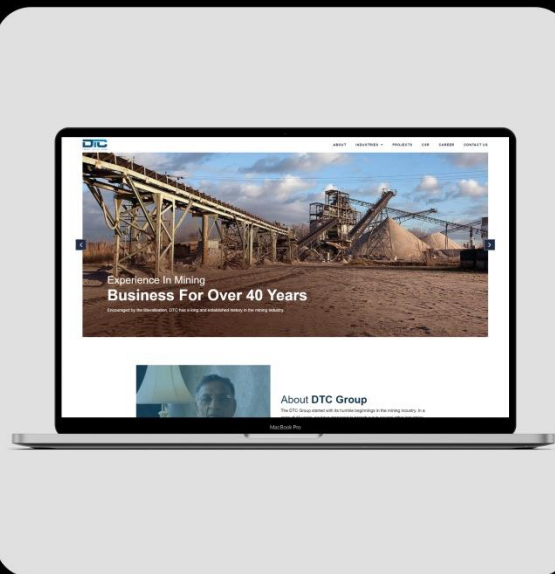

DTC Group required a redesigned website to improve credibility, feature residential projects, and automate lead generation with CRM integration and a mobile-first approach. The new site required a mobile-first approach, custom WordPress development, project listings, and automated lead generation via Zapier.

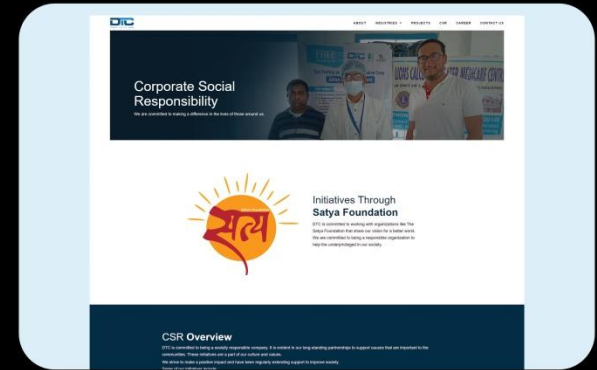

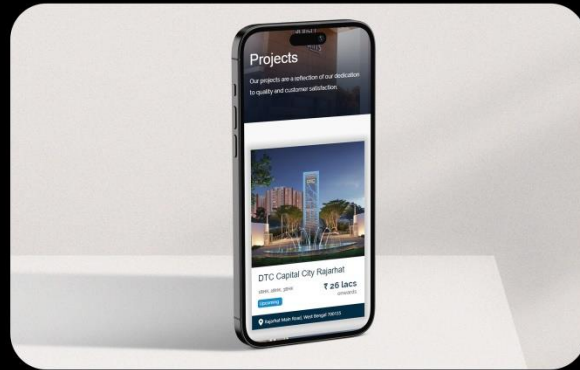

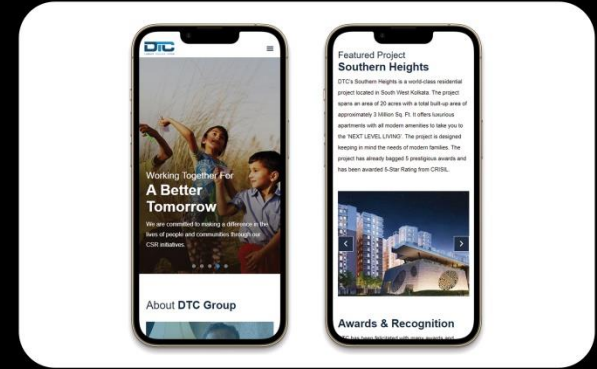

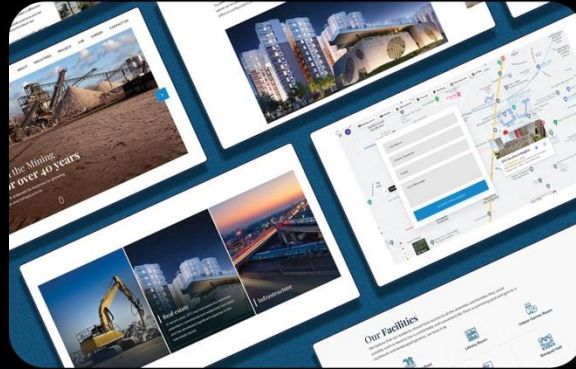

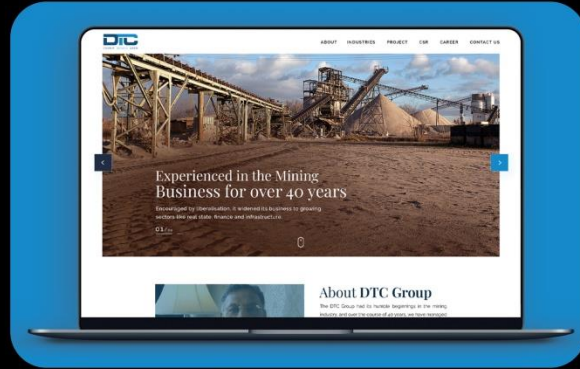

Problem

DTC Group's outdated website hindered its image and lacked an organised platform for showcasing projects and generating leads.

Solution

We created a modern, user-friendly website with WordPress, enhancing their credibility and automating lead generation via Zapier.

CASE STUDY

MANGALDEEP AGARBATTI

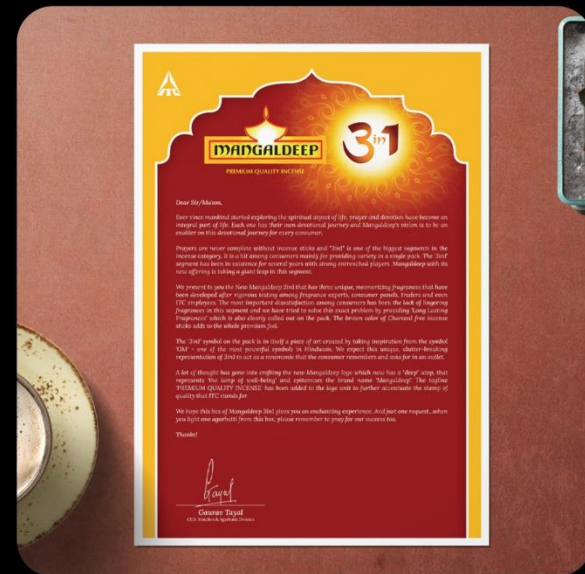

Mangaldeep Agarbatti, a leading incense brand, approached Pixel Street to execute various design requirements for the launch of their new product - Mangaldeep 3in1 Agarbatti, featuring three unique, long-lasting fragrances. The design requirements included packaging, mockups, posters, invitation letters, and other promotional materials.

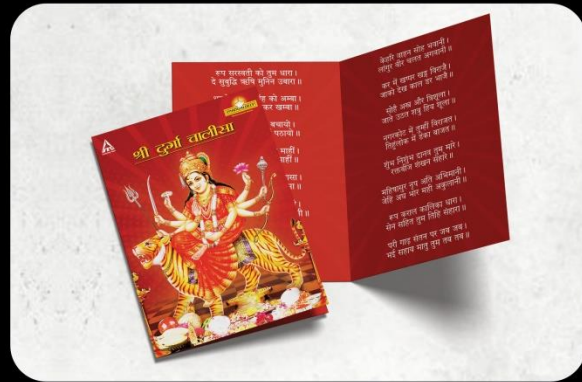

Problem

A tight deadline for product launch and the need for consistent branding across various creative assets.

Solution

Close collaboration with Mangaldeep's brand team and a quick turnaround on high-quality designs, resulting in a successful launch.

CASE STUDY

NCB(J)

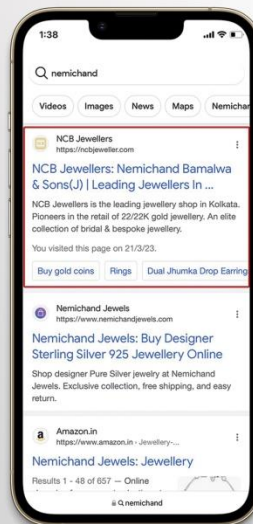

Nemichand Bamalwa & Sons (J), a renowned jeweller in Kolkata collaborated with Pixel Street to enhance their online visibility across different digital channels. A holistic digital marketing strategy was employed, including Google Ads, SEO, social media campaigns, and GMB listing optimisation.

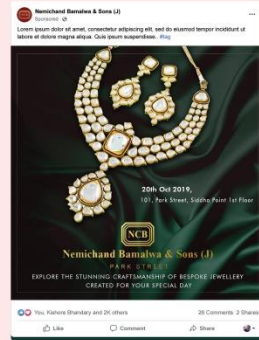

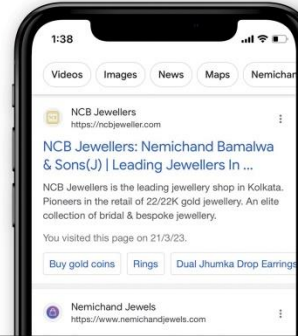

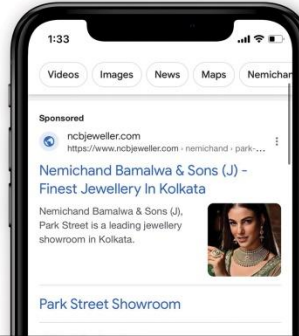

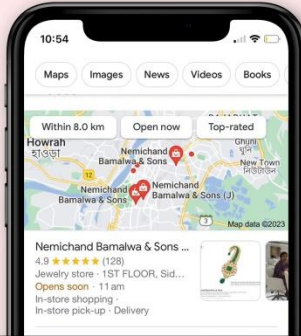

Problem

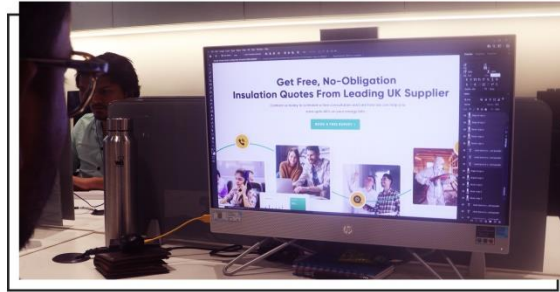

They required a keyword strategy for Google Ads & SEO, an effective social media approach, and optimised GMB listing + reviews to gain credibility.

Solution

We analysed the brand's online presence, devised customised keyword strategies for Google Ads and SEO, and implemented targeted social campaigns.

COLLABORATION + COMMITMENT
